# JUSTICE GOFF THREATENED AT TRIAL

Note Brought to Bench Interrupts Argument for Condemned Men

## ANG SING EXECUTION MAY NOT HAPPEN

Gunmen Who Killed Gambler Rosenthal Seek New Trial in New York

NEW YORK, April 11.—Hearing the application for a new trial for the four gunmen sentenced to die at Sing Sing Monday for the murder of gambler Herman Rosenthal began this afternoon before Justice John W. Goff. As Goff took his seat, a youth entered the courtroom, and handed in a note which the justice read and became greatly excited. He ordered the bearer brought back into court, thus interrupting an argument by Attorney Charles Wahl for the condemned men. The court told the reporters that he would not give out the contents of the note but the first few lines looked like a threat of some sort. The youth with the justice conferred excitedly with Rabbi Edward Brown for several minutes and the youth then took the stand and testified that his name was Gustave Beck. He said he is a special investigator for a detective agency and that the note was handed him by a man outside, asking him to hand it to Goff because the man was unable to get into the court room on account of the crowds. Rabbi Brown then testified that he knew nothing of the note, the contents of the note were not brought out while the men were on the stand. Goff then stated to Wahl: "Proceed with your case. This does not concern it in the least. It is purely a personal matter." Attorney Wahl conducted the state's argument.

# ENGINEERS OF ARMY REPORT

\$620,000 Recommended for Work of Widening of Los Angeles Harbor

WASHINGTON, April 11.—Carrying a recommendation for an appropriation of \$620,000 for widening Los Angeles Harbor to 1000 feet, the report of the army board of engineers was completed yesterday and was to be filed with Congress today or Monday. The present recommendation is for \$200,000 to immediately inaugurate the work and Senator Works will introduce a bill appropriating this sum. The project of deepening the outer harbor from its present depth of 35 to 40 feet is not deemed necessary at this time. The supplementary breakwater from Dead Man's Island oceanward was also not recommended, as the board estimates that some other plan can be worked out to correct the conditions aimed at by this plan. The dredging of the channel between the outer and inner harbors to 35 feet is also thought unnecessary at this time. The deepening of the channel between Wilmington and Long Beach, and improvement of the entrance to Long Beach harbor was not recommended. While approving the plan, the board made no recommendation on the filling of the thirty-two acres of land east of Dead Man's Island for the reason that this work comes under the general supervision of the war department and is not within the jurisdiction of the board of engineers. It is proposed to place the harbor's immigrant station on this site. In its report the board recommends that all the projects improved be completed within three years.

## MILITANT HURLS PAPER AT JUDGE

LONDON, April 11.—Arraigned in a police court on a charge of malicious mischief at the British museum in connection with suffragette activities, Miss Mary Stewart, a militant, rolled a newspaper into a hard wad and hurled it at the magistrate, who declared that the court was adjourned. The woman has given a dozen names since she was arrested.

# If Girl Consents Kiss Her, Rules Kaiser's Court

LIEPSIC, April 11.—What is a kiss, when is it offensive and when is it not? Here are the answers as laid down by the supreme court of the German empire: "A kiss is a reaction upon the body of another. A kiss always requires the permission of the person kissed. Without such permission, one may kiss only if one is sure of the other's consent, as in the case of parents, children and lovers. If the kisser is not only coy but gravely objects, it is to be assumed that the kiss is considered an illegal interference with his or her personal freedom and a violation of his or her honor. Anyone who inflicts a kiss in such circumstances is guilty of assault and battery."

# PRISONER HAS PAROLE RIGHT

California Supreme Court Says Prison Board Must Act on Petition

SAN FRANCISCO, April 11.—Sitting en banc in the case of J. Roberts, a San Quentin prisoner who was refused the right by the State Board of Prison Directors to apply for a parole after serving one year, the California supreme court ruled today that the board exceeded its authority in refusing to recognize such right. A writ of mandamus, compelling the board at its next meeting to receive and act upon Roberts' petition, was then issued.

## TRAIN BANDITS KILL TWO BUT GET NO LOOT

NEW ORLEANS, April 11.—Two masked men held up the Illinois Central train last night at Tangipahoa and fatally shot Isom Allen, the train porter. Luke Anderson, a negro passenger, attempted to escape, fell from the train and was killed. The bandits fled without loot. Bloodhounds are trailing them.

# BAJA CALIFORNIA NOW BATTLE FIELD

Civil War Raging—Steamers Bonita and Carmen Looted and Destroyed

## LA PAZ IS PILLAGED—BLOODY BATTLES

Tremendous Slaughter Reported on Railroad Between Parras and San Pedro

SAN DIEGO, April 11.—Civil war is raging in Lower California, according to information brought today by the steamer Benito Juarez. Officers have reported the destruction and looting of two ships, the Bonita and Carmen, of the Compania Naviera Del Pacific line, and the pillaging of La Paz, the capital of the southern half of Lower California. Several battles have not been reported because there is no means of communication. It is claimed the rebels have launched an exhaustive campaign to capture the state. Many bloody battles are reported, the rebels generally being victorious. The Bonita's cargo is worth \$200,000. The rebels stole \$150,000 in cash at La Paz. Tremendous Slaughter Reported WASHINGTON, April 11.—Tremendous slaughter is reported today in the battle of the rebels and federalists between Parras and San Pedro on the Torreon-Saltillo railroad. State Department dispatches say that the fighting is fiercer than at Torreon. Federal refugees from Torreon have been reinforced from Monterey and Saltillo. It is reported that they are engaging practically the entire Villa command.

**Mayo May Be Forced to Act**  
WASHINGTON, April 11.—There are unconfirmed reports that German and British commanders of the warships at Tampico are chafing under American Admiral Mayo's restrictions and are threatening to land marines unless the destruction of German and British property ceases. Both federalists and rebels are disregarding Admiral Mayo's instructions that foreign property must be safe-guarded. Federal gunboats in particular are wreaking havoc. If foreign marines land it seems certain that Admiral Mayo will be compelled to send Americans ashore. Mayo is in constant communication by wireless with Admiral Fletcher at Vera Cruz. Fletcher is empowered to use his own discretion. Bryan is in close touch with the situation.

**Believe No Trouble Will Result**  
MEXICO CITY, April 11.—It is believed here that there is no possibility of further trouble over the arrest Thursday at Tampico of the paymaster and a party of marines from the American gunboat Dolphin, who went ashore for provisions. It is believed that Federal Commander Saragoza, when he learned of the situation, immediately ordered the prisoners released and sent the men safely back in the launch within two hours. American Charge d'Affaires O'Shaughnessy said today, "Huerta is deeply distressed. He apologized to me for his officer's mistake and is cabling an explanation to Washington. It is true that the American commander demanded that the Tampico authorities salute the American flag, but no twenty-four-hour time limit was set, as reported. Such an act would be too embarrassing."

## SPANISH FOREIGN OFFICE ASKS U. S. AID BEHALF SPANIARDS

MADRID, April 11.—American Ambassador Willard received today a request from the Spanish foreign office asking the Washington government to intervene in behalf of the Spaniards expelled from Torreon by Villa.

# POLITICS DOMINATE WILL BE REPORT

WASHINGTON, April 11.—That mine owners politically dominate the Colorado coal fields will be the statement in the report being prepared by the congressional sub-committee which investigated strike conditions there, according to Chairman Foster. Foster added that the report will recommend the prohibition of the importation of machine guns and other similar weapons to any section where a strike is in progress. The report will be issued within six weeks, he said.

## TOOK POISON AND BURNS HOUSE

SAN JOSE, April 11.—Peter Lindquist, a laborer, swallowed poison and then fired his room, burning to death. The lodging house where he lived was also burned.

## HOW THEY DISPOSE OF PRISONERS OF WAR IN TORREON BATTLE

UPPER PHOTO—SIX PRISONERS STANDING TO BE SHOT. LOWER PHOTO—SAME PRISONERS AFTER THE SHOTS. These photographs were taken by a young American mining man in the vicinity of Torreon, when the first fighting between the rebels, led by General Villa, and the Federals, under General Refugio Velasco, began some weeks ago. He had to make a long detour to get around the scene. His party came upon this bloodthirsty execution by troops of Villa and remained to watch it. Six prisoners, mere prisoners of war, who in any civilized country would have been sent back to the rebel lines, were made to stand up before forty soldiers. Each soldier fired and the six men fell dead in their tracks. An examination of the clothing of the men as shown in the photograph proves that each of the six in the upper picture merely toppled over backward with six or seven shots through him.

# THE CHAMBER OF COMMERCE SENDS OUT LARGE AMOUNT OF ADVERTISING LITERATURE

Cities all over the country, in the last ten or fifteen years, have been waking up to the fact that advertising, that valuable business promoting factor, can be used to exploit communities as well as private commercial institutions. Chambers of Commerce, in all the more important cities, have been organized and one of the most important functions of these bodies is to work in conjunction with newspapers, railroads and other far-reaching corporations to promote community publicity. The wide influence exerted by the advertising ventures of the various Chambers of Commerce is not generally appreciated by the public. In Santa Ana, for instance, publicity work done under the able management of Secretary Metzgar, of the local Chamber, is potent with prosperity-promoting features. Some of the literature are disposed of yearly by the Santa Ana Chamber of Commerce. In a conservative estimate made by the local secretary 22,850 visitors are shown about the Chamber's rooms and exhibits each year. Fifty per cent. of these visitors take literature away. It is safe to say that the majority of people who take this literature pass it on to their friends. These friends, in turn, extol the virtues of Orange county and Santa Ana, to their friends and the proposition resolves itself, in this way, into a sort of an endless chain feature, which is, of course, a characteristic of all advertising. Besides the literature taken away by visitors about 4,000 pieces are mailed annually. Advertising novelties gotten out by the Chambers of Commerce of Buena Park, Garden Grove and by the county beaches are distributed by the Santa Ana Chamber. In addition to this the Orange county booklet, issued by the combined Chambers of Orange county, is disposed of, as well as the Santa Ana booklet. Without a doubt the most convincing and the most attractive piece of literature mailed out by the Chamber is the "Register's Special Edition." This handsome book, with its telling illustrations and its straight-from-the-shoulder write ups, impresses and convinces all who see it of the wonderful resources and attractions of Orange county. Between 200 and 300 copies of the "Special Edition" are mailed out each month by Secretary Metzgar. All parts of the United States are reached, as well as a number of points throughout the world. The convention has served to show that California has been asleep on her rights in the matter of National reclamation, and that even now only through concerted effort, sustained by active support of Congress, can the state expect to receive a just share of future appropriations for reclamation. The session will not close until late tonight, from the present outlook, and most of the California delegates will stay over in order to make a sight-seeing trip around Denver and the surrounding country. Insurance you, Ben E. Turner.

# WASHINGTON WINS THE VARSITY STANFORD THIRTEEN SECONDS BEHIND

OAKLAND, April 11.—Washington oarsmen won an easy victory in the triangular race on the Estuary today, defeating Stanford by thirteen seconds, with California a poor third. Stanford captured the freshmen race; Washington, second; California, third. The time of the varsity race of three miles by Washington was 19:01; Stanford, 19:14; and California, 19:40. Washington Took Lead at Start In the varsity race Washington took the lead from the start. Stanford passed California in the first half mile. Washington won by five lengths, practically the same separation Stanford and California. The winners were fresh while the others were exhausted. California apparently faltered and changed stroke in the middle of the course. Stanford freshmen won easily and Washington was not pressed for second place. —See Carden & Scott Co. about government land open for entry in Superior Valley. Residence not required. # CALIFORNIA IN THICK OF SESSION

New Era Started at Denver Irrigation Conference for State's Rights Imperial Valley Placed on Sounder and Safer Basis on Water Division

DENVER, Colo., April 11.—With thirty delegates present, California has played the high hand at the Denver Irrigation Conference and started a new era for the state in matters concerning reclamation, river regulation and irrigation. Californians have acted on all important committees, and have taken an active part on the floor of the convention in the debate of all great questions, especially those involving the regulation of the Colorado river. Imperial valley has been placed on a sounder and safer basis than heretofore as a consequence of the just and equitable attitude assumed by the governors of western states and their delegations on the question of the division of the waters of the Colorado. The convention has served to show that California has been asleep on her rights in the matter of National reclamation, and that even now only through concerted effort, sustained by active support of Congress, can the state expect to receive a just share of future appropriations for reclamation. The session will not close until late tonight, from the present outlook, and most of the California delegates will stay over in order to make a sight-seeing trip around Denver and the surrounding country.

# 52 SENATORS VOTE AYE 43 NO

Senator-Elect White of Alabama Said to Favor Repeal of Bill

## TOLL REPEAL QUESTION UP IN THE SENATE

New Treaty May Prove Boomerang and Kill the Repeal Measure

WASHINGTON, April 11.—In the poll on the Panama canal tolls repeal proposition, 52 senators favored repeal and 43 were opposed, according to members of the repeal faction. Senator-elect White of Alabama was said to be among those favoring repeal. The only doubtful senators were Weeks of Massachusetts, Pittman of Nevada, and Clarke of Arkansas.

**Treaty May Prove Boomerang**  
Free use of the Panama canal by Columbian men-of-war, troop ships, and army and navy supply vessels is proposed in the new treaty between the United States and Colombia, signed at Bogota Tuesday, to heal the breach between the two countries over the separation of Panama.

Mr. Bryan said the treaty signed at Bogota employs the language of the Root-Corlies ship canal treaty granting the use of the waterway to "the troops, materials for war, and ships of war of the republic of Colombia without paying any duty to the United States even in case of an international war between Colombia and another country." When the new treaty has been ratified, Mr. Bryan explained, it will be necessary to conclude a treaty between Colombia and Panama. He would not say whether the acceptance by all concerned of the Tripartite treaties would solve all of the problems pending between Panama, Colombia and the United States, nor would he give any further hint of the provisions of the latest Colombia treaty, which will be made public next Wednesday.

## BOOKBINDERS ENDORSE GOVERNOR JOHNSON

SACRAMENTO, April 11.—Resolutions endorsing the administration and candidacy of Governor Hiram W. Johnson have been adopted by the local union of the International Brotherhood of Bookbinders. The resolutions declare that more legislation favorable to labor has been passed during the Johnson administration than ever before. The union urges similar organizations throughout the country to take like action.

# CHINESE TROOPS FIGHT BANDITS

President Does Not Hide Concern in Situation—Ex-President is Blamed

PEKING, April 11.—Ten thousand troops have been ordered into the field against White Wolf bandits operating in the Shensi province. Thirty thousand are now engaged in the campaign. President Yuan is making no effort to hide his concern as to their activities. The popular belief is growing that the bandits are inspired by ex-President Sun Yat Sen, who is in Japan.

# COUNT OKUMA NOW PREMIER

TOKIO, April 11.—Count Okuma has accepted the premiership of Japan. He is an extreme liberal and an avowed opponent of increase of taxation. He is highly popular and the appointment was greeted with great enthusiasm. This marks the complete surrender of the ruling class to public opinion. ## ARE BUILDING AT BERRYDALE

Two Ranch Homes Are Being Erected—Boosters May Organize

BERRYDALE, April 11.—Two new houses are under construction on each corner of Berrydale road and West Seventeenth street, one being built by Charles Mendenhall, who is setting out a 9-acre tract to Valencia oranges.

S. M. Webster, a building contractor of Alhambra, is the other builder and his plans call for a modern stateroom house. He is improving his 5-acre piece of ground with fruit trees and will engage in the poultry business.

H. B. (Bud) Smith, manager of the D. P. Kellogg ranch on Berrydale road, now runs a motor truck with produce to the Brea oil fields. Later in the season he will take in vegetables and melons, etc., to the summer crowds.

William Martin is specializing in the poultry business, having more than 1200 laying hens of the White Leghorn strain.

The Rolfe brothers have leased the Liversay and Avery ranches on opposite corners of Berrydale and Belt roads.

The bridge over the Santa Ana river on West Seventeenth street, is being refitted for safety of the heavy auto traffic diverted that way on account of state highway improvement near Orange.

Robert C. Boyd, who has been seriously ill for more than a year, is up and around again and has dispensed with the use of crutches and canes.

It is rumored that a Berrydale Improvement Association is being incubated by a few active boosters, in order to thoroughly advertise this particularly fertile section.

Mrs. Harry Fleming of Long Beach is visiting with her parents, Mr. and Mrs. Robt. H. Deatrick.

Mrs. Augusta Atgen, wife of the late Michael Atgen, one of the pioneers of Berrydale, lies at the point of death at her present home on Hickey street.

N. L. Smith has just returned from a trip to Mojave, where for many years he was engaged in the cattle business.

Mrs. Lydia Boden of Alhambra is visiting at the ranch home of Mr. and Mrs. Robt. C. Boyd.

## ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fra-

grant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

Are Being Sold More Rapidly Than Any Citrus or Orchard Subdivision on the Market in All California

Real high-class "proven" citrus subdivisions such as Whittier, Hollywood, Santa Paula and La Habra are rarely offered on the realty market in California and whenever there is a subdivision offered for sale which has the soil, water and climatic conditions necessary for success, it doesn't make any difference whether times are good or bad throughout the country generally, the experienced citrus orchardists and nurserymen of Southern California never let the "grass grow under their feet" in getting hold of some of the subdivisions.

The property is being sold in unplanted tracts of 5 to 10 acres or in subdivisions of 5, 10, 15 and 20 acres set to Valencia orange, Eureka lemon, Marsh Seedless grape fruit or grafted walnut trees and on easy terms if desired. We will also contract to care for groves for non-resident purchasers if they wish to have us do so.

As an investment and for a desirable suburban homesite, North Whittier Heights reigns supreme.

We shall be pleased to take you out by automobile to see this choice property. We know that if you once see it, you will desire a portion for yourself.

"THE RADIANCE OF MORNING," BY F. W. CUPRIEN, A LAGUNA BEACH PAINTING

## EXHIBIT OF SPLENDID LAGUNA CANVASES NOW ON AT THE KANST GALLERY, LOS ANGELES

By Herman Reuter

Writing criticism in this country is a ticklish business. Two courses are open to the clever and capable critic. Either he can tell the truth, in an interesting way, and starve, or he can tell untruths in an uninteresting way, and eat. For it is a peculiarity of the American that he looks upon all published opinions of art, which happens to run contrary to his own, as personal affronts and insults. He is ever ready to assault with bludgeon and knobby the iconoclastic critic whose judgment differs from his own ideas of what art should be.

Therefore the critic thinks twice before telling the truth in his criticisms, once of his stomach and once of his art. Regrettably for the cause of art, his stomach generally wins. If he is an ordinary writer there is, fortunately for himself, no reason why he should tell the truth (and be without a meal ticket in his pocket) unless it is that he couldn't if he would.

Whatever the reason may be the fact is that criticism of art, and more particularly of painting, has fallen in to a few hands. Probably because of the native superstition that nothing that is entertaining can be in-

structive, critiques that are as unprofitable and as useless as stale sausages continue to dribble from the presses, in an endless foul stream.

You find in the art sections of the Los Angeles papers, for example, interminable coy babblings about "rocky shores," "delicately pink," "skies, sens and what not. You find profuse and fragrant verbiage about "cool gray tones," "the artist's vision," "handling," "conception," "technique" and other such ancient sweethearts of incompetent scribes. But, in all this menagerie of lame verbs and sense phrases, do you ever find a good, hearty thwack for the artist, so-called, who has not mastered his art, who should be painting houses acceptably instead of pictures execrably? No. You find only a soggy reticence, on the part of the critical gent, an evil-smelling neutrality. As a result of this amusing backwardness, of this jejune shyness, we have perhaps only one critic in a hundred whose outpourings make interesting reading or are of value to the working artist.

"Tolerance," says Ashley Dukes, "smooths the way of life, but it is the most insidious enemy of art. It spells compromise, and compromise and criticism cannot be on speaking terms." That critic is not worth while who cannot present his critical dicta in a readable manner.

It exhilarates me to say that I was able to scan with tolerant eyes the present exhibit of Mr. Frank W. Cuprien, at 61 South Spring street, Los Angeles. Indeed, I may say that a view of his pictures, the most of which were painted at Laguna, titillated the more exquisite side of my being in an entirely satisfactory fashion. I found at Kanst's, where Cuprien's pictures are hung, a chaste pictorial atmosphere. No grandiose flourishes of paint, there, no wild smearing of canvases. I found, rather, somewhat of a pagan demureness. If I may say so, he assuages his canvases with a sort of joyous diffidence, this Cuprien. He wields a brush that is always tractile, a brush, nevertheless, that glows with the very essence of color. And if Cuprien chooses not to debase his surfaces with a bovine exuberance of pigment, chooses, rather, to dally with a side of art that has more to do with the sensuous, what of it, say I. He has the right to paint as he pleases, just as much so as those of the fraternity who believe that the ultimate art lies in the success of their attempts at decreasing the art stores' supplies of Winsor and Newton's colors. A painter who makes his canvases groan under a heinous weight of paint, simply because he is trying to follow in the footsteps of Smith, or Brown, or Jones, doesn't amount to a tinker's—doesn't amount to much.

There are, in the exhibit, two pictures that stand out head and shoulders above the rest. They are "Serenity" and "White's Point." Full of eye-smacking virtues, both of them. The other canvases are acceptable. But to say that the entire show of

Cuprien's is "magnificent" and "beautiful" would be to descend to the level of bucolic phraseology and would, besides, be food for a quantity of sly chuckles on Mr. Cuprien's part. For the artist knows that it is no more possible for all paintings in an exhibit to be equally worth while than it is for all painters to be worth while. But the two pieces I mention! They, forsooth, have sufficient intentional worth to make up for a whole regiment of smugly mediocre canvases. Not that the other pictures of those under present consideration come under this classification. Far from it.

"Serenity" has been aptly christened. It radiates a serene and soul-massaging quantity of color. Like most of Cuprien's pictures, it displays to those not too Puritanical, a delicately thrilling pagan frankness. It exhibits, in a manner always aristocratic, a liking, on the part of the artist, for the sensuous appeal of color for its own sake. The work of Cuprien shows nothing of the hypocrite, and that is why I like it. The man revels in the exquisite, the graceful, and he is not ashamed of it. Not only not ashamed of it but ready to publish the fact to the world with a fastidious beating of drums, a nice clangor of intimate bells. American art needs more frankness and less of nauseous hypocrisy.

The information that "White's Point" was awarded a medal at an exhibit at Galveston causes me no excitement. The thing moves me and that is enough. Here, again, we find that same personal, vague synthesis of color, that illusive combination of strange, though entirely palatable tones. Fawny, towering cliffs are on the right side of the composition, setting off a restless expanse of mystic, steel-blue water. A first rate piece of work.

In conclusion, why all these elaborate local convulsions over this painter's present output? Why all these heaven-kissing panegyrics and abashed acclamations? Are we then so ignorant of matters pertaining to art that the first time we accidentally happen to hear of a competent painter coming to Orange county's shores to make some workman-like pictures of the beauties of which we have had only a dim awareness we must needs grovel in the dust in abject worship? What of William Wendt and Hanson Puthuff and Gardner Symons and Conway Griffith and others who have painted at Laguna? Are we not doing these men an injustice and Mr. Cuprien a marked unkindness by bestowing all our encomiums upon Mr. Cuprien at the expense of the others, equally as worthy? I think so.

The pictures will be on display throughout the coming week.

## ORGANIZATION OF THE LOS ALAMITOS COMMERCIAL CLUB

Los Alamitos, located in the northwest corner of Orange county, being in one of the richest sections of the country and for a long time appearing to be lying dormant, has at last awakened to its possibilities.

For some days active work has been in progress looking toward a "get-together" organization of the business men of the community.

As a result the Commercial Club of Los Alamitos was organized Thursday evening, at headquarters established on Main street, with sixty members as a start-off and a number of others in prospect. The following officers and directors were duly elected:

Hugh T. O'Connor, president; J. Herbert Mills, vice president; Paul S. Elliott, secretary and treasurer; Ernest C. Hamilton, Elmer O. Hooker, Fred K. Edwards, Karl V. Bennis, directors.

While primarily the object of the club will be social and for the promotion of good fellowship, it is anticipated that, as the name chosen indicates, questions vital to the commercial and business welfare of the wide area as represented by the membership of the club in both Orange and Los Angeles counties, will be given due consideration to the mutual benefit of all those interested.

## The Sun Never Sets on Stein-Bloch Clothes

MEN buy them and wear them in civilized nations thousands of miles apart. The foreign demand for them is growing at a lively rate.

This speaks well for Stein-Bloch Clothes.

But the best thing to be said about them is that styles are uniform each season no matter how widely-scattered the markets.

For example, a Bostonian may enter the Stein-Bloch store in San Francisco, saying "I want a Stein-Bloch 36 in this style," and it's his in a twinkling.

The Kansas City man may do the same in London, England.

This harks back to the precious fact that all Stein-Bloch Smart Clothes are up to the same standard of quality, price per price, no matter in what part of the world they are placed on sale.

We will take pleasure in showing you the new Spring stock.

## THIRTEEN AND ALL WAS WELL

Nothing Unlucky About Party Given at Mrs. Etchison's Home

NEWHOPE, April 11.—Mrs. F. W. Etchison entertained her friends and neighbors last Wednesday with an old fashioned quilting bee, for her daughter, Mrs. Edna Fenley. The quilt was a present to her, pieced by her great-grandmother, more than 35 years ago. The guests began to arrive by 9:30, and all worked hard to complete the quilt. At noon they assembled around the long dining table, which was loaded down with all the good things, such as only Mrs. Etchison knows how to make. It was a chicken dinner and all the trimmings that go with it. No one seemed to care if there were only thirteen seated at the table, and all did ample justice to the dinner. Then when the children were served, it happened there were thirteen of them. Those who enjoyed Mrs. Etchison's hospitality were: Messrs. W. A. Irvine, C. H. Chapman, A. E. Chapman, P. C. Price, M. C. Jacques, A. C. Hes, S. J. Chapman, V. F. C. P. G. Etchison of Santa Ana, J. H. Martin, Lillian Hands, Wm. Lenhardt, J. W. Mosher, C. H. Hickman, J. E. Melvin of Newhope; Mrs. F. H. Cochran, Riverside.

Miss Blossom Ward is spending vacation week with relatives at Newport Heights.

L. Jacober is having a large well drilled on his place, recently purchased from Mr. Willett.

Misses Easter and Dorcas Jacques of Santa Ana, visited Wednesday with Marie Martin.

The teachers, Miss Hasty and Miss Fischer, are spending vacation week in San Francisco.

Mrs. Geo. Williams entertained Miss Irene Jacques on Wednesday.

Mrs. J. Fred Shedd of Kerman visited this week with her sister, Mrs. J. E. Melvin.

ORANGE, April 11.—Over a dozen automobiles carrying a jolly crowd of young people left the M. E. church this morning for Long Beach. It was the Intermediate department of the Epworth League and judging from the happy faces, the day will be a pleasant one.

Vern Berger of Hemet is in Orange for a few days.

The Misses Edna Pierson and Ruby Carriker left yesterday to spend a week with relatives in Los Angeles.

Miss Sophia Nobbs left last evening to spend her vacation at her home in Redwood.

An interesting program was given last evening at the El Modena school house. Several essays were read by the pupils from the 7th and 8th grades, and the following prizes were awarded: Earl Speeth, first prize; Ora Holson, second; Josephine Brabaker, third.

W. O. Hart left this morning for San Diego to attend the Republican clubs conference.

Mr. Hugh Hughes has gone to Los Angeles for a few days visit with friends.

Mrs. C. H. Kent of Hollywood is visiting her aunt, Mrs. G. W. McPherson, and other relatives for a few days.

YORBA LINDA, April 11.—The big event of the season took place last Thursday evening at the Yorba Linda schoolhouse. It was in the nature of a banquet given by the ladies of the Yorba Linda Woman's Federation in honor of their husbands. There were about seventy-five couples present.

The most tempting of refreshments were spread in abundance consisting of good old-fashioned baked beans, pickles and salads, coffee and sandwiches, and the most delicious cakes and pies for which the Yorba Linda ladies are known both at home and abroad.

The tempting foods were greatly enjoyed because of their own merit and because of the spirit of perfect harmony and good will throughout the gathering.

With the eating faithfully accomplished and well out of the way, the toastmistress, Mrs. P. S. Amstutz, in her usual pleasing and dignified manner, presided, calling first upon Mrs. Julia Vernon, who gave a most fitting and excellent toast to "The Men." Her remarks were very fine and greatly enjoyed by all.

Mr. C. H. Seaman answered with a toast to "The Ladies." He was both humorous and instructive, introducing some of the "up-to-the-minute" jokes on several of the ladies and bachelors, and closed with an eloquent appeal to the ladies to use well their power for good in the home and the community.

T. B. Welch then gave a splendid toast to "The Home." He was in every word serious, appealing, kind and eloquent, and his words will not soon be forgotten.

Mr. Kaub, Jr. then sang and his music was highly appreciated by every one present.

Mrs. Carl H. Seaman then played a number of classical pieces on the piano, and was called back again and again.

The entire affair was a great success and was indeed an accomplishment by the ladies of the federation.

Mr. and Mrs. Jesse McDaniel, recent arrivals from Macksville, Kansas, have located in the Cosart cottage on West Chapman avenue.

Miss Georgia White and Miss Neva Hardy of El Modena have gone to Los Angeles to spend their Easter vacation. Miss Jennie White who has been visiting her sister Georgia for several days returned home with them.

Mrs. Wm. Slabaugh of Los Angeles is visiting at the home of Charles Pister on North Tustin street.

Mrs. Bert Reeves has arrived from Arizona and will spend the summer here. She is visiting her parents, Mr. and Mrs. C. L. Columbia on South Main street at present. Her husband is expected about the first of May.

Bert Sibley who has been in Orange since November, leaves today for Los Angeles. Monday he leaves San Pedro by steamer for Seattle for an indefinite stay.

H. E. Coate and family have gone to Palm Springs for a week's vacation with the Herbert Walker family, who have been spending some time at the springs.

Mr. and Mrs. Jesse Shaver and family, who have been spending several months in Arizona, are expected home today. The trip was made in hope of benefiting Mr. Shaver's health, but he has not improved as much as was expected.

Miss Jane Williams of North Center street, has gone to Long Beach to spend several days with friends.

LOS ANGELES PRODUCE MARKET

The answer to the continued high prices in eggs has come to light. One man is bearing the weight of the entire production of California on his shoulders, and should this production be exceptionally large, or the importation from the East exceptionally heavy, there is liable to be a case of scrambled eggs. The man who is backing the corner on Petaluma eggs is Fred L. Hilmer, who has created, up to this time at least, an artificial marketing price. He is a San Francisco produce dealer, and early in the year offered to pay the Petaluma dealers 21 cents a dozen as a minimum on their eggs, this price exclusive of packing, shipping or other charges. Should egg prices advance over 20 cents he is to pay the current quotation according to local knowledge of the transaction. By the case his eggs are costing him 23 cents, figuring the cost of the case, handling, and then add 1 cent for shipping, in addition to 2 cents for storage for the season, and the quotation rises to 26 cents. On this is to be paid interest charges and a few others, which ultimately means that Hilmer has assumed considerable risk. Petaluma eggs coming to Los Angeles since the opening of the season practically all belong to him and they are arriving at the rate of a car a day, which will aggregate a pretty heavy storage supply. Local egg dealers are watching the procedure with much interest and

## HARBOR CITY The Coming Industrial Center

Large Business Lots, 50x150 Feet, for \$400 Up.  
Half Acre Tracts for \$700 and Up at Harbor City.

HARBOR CITY is two miles from San Pedro and Los Angeles Harbor. HARBOR CITY is only two miles from Torrance, where there is now over a thousand people employed by big manufacturing companies and is two miles further from water than HARBOR CITY. HARBOR CITY is only two miles from Wilmington. Look, these three towns are on three sides of HARBOR CITY. They must grow towards HARBOR CITY. HARBOR CITY has everything that a city needs, and a prettier view and location can't be seen. HARBOR CITY is two miles from a good oil district. Let me tell you about HARBOR CITY. Terms 10 per cent down and \$10 a month.

There are now about 3000 vessels stopping at San Pedro, Wilmington and Los Angeles Harbors. What will it be when the Panama Canal is opened up? That means they will have to dredge Bixby Slough clear up to HARBOR CITY. Then your dollars would be worth a thousand for each hundred you invest now. Don't let this chance slip by—the chance of your life time. I run no excursions to HARBOR CITY. It will cost only \$1.00 round trip to HARBOR CITY and return to Santa Ana. People will not hold back for the sake of a dollar. Some of you may say that other real estate firms will give you a free trip. Please bear this in mind: Those real estate firms that run a free excursion add from \$25 to \$100 a lot to their prices of property, in order to pay the cost of about \$150 or more for two cars. With 100 people, more or less, not more than 5 or 10 of them buy. The answer is that the few who do buy have to pay that \$25 or \$100 extra per lot to pay for all the other free rides.

Why not pay only \$1.00 and go with me for a nice pleasant ride and see HARBOR CITY, where you can get property just as good, if not better, with a prettier home spot and save that \$25 or \$100 a lot?

If HARBOR CITY is not as I represented it to be I will return your dollar, and if you buy I will return it anyway.

If you are interested, you may send me your address and I will call and tell you about HARBOR CITY. Please show this to YOUR friends and have them show it to THEIR friends.

## BUILDING MAHOMET

Mahomet Amusement Company has now entered the building period and soon the impressive proportions of the Mountain will tower over the Fair grounds.

Intimation has been received by our officials that their Building Bond has been accepted and the permit for construction granted.

Mr. A. E. Bird, superintendent of construction, will now close up his Santa Ana business as rapidly as possible and go to San Francisco to supervise the building of the Mountain.

This news makes certain the rapid closing out of the balance of Mahomet stock.

Now is the time to get in and secure the small remainder of the stock for Orange county.

Our loyal body of co-operative investors is working with one mind to make a sweeping success of this enterprise from which they expect at least 10 to 1.

Prospects of profit are not confined merely to the gate receipts nor do they cease with the Fair.

Moving Pictures will be taken of the interior wonders of the Mountain and those films should produce at least \$1,250,000 in a single year.

At Coney Island, N. Y., and at other large centers where millions flock for amusement our profits should be enormous.

This Mountain of Marvels should attract the money-spending crowds and pile up profits.

Within its immense illusion halls a steady stream of 3000 people can be accommodated.

\$2.90 down and \$2.85 monthly buys 100 shares. Take more if you like. Pay cash if you choose.

### "Faultless" Houdans

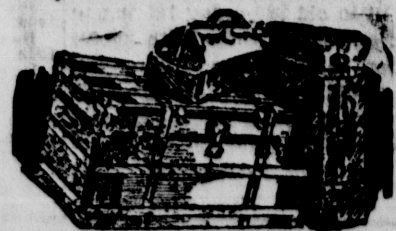

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk-white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia. Shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. ### JUST LIKE CALIFORNIA

Ten years ago it began—the struggle of Kansas to control its public utilities. It was a long fight, a political fight, a fight that caused bitterness, made enemies, promoted careers, and changed the political map of Kansas. And through it all, ever leading the fight was the red poll of Stubbs. It was the one aim and object of his career in politics. For that was the primary fight and anti-pass fight made; for that was the struggle to clean politics out of the state institutions and put Kansas on a civil service basis. And finally, in his second term, the law was enacted.

Recently the commission was in Emporia hearing a disagreement between the farmer patrons of the Emporia Telephone Company and the management. In a few hours an agreement was found. It a few minutes it was signed, and what otherwise would have been an interminable lawsuit, a commission with powers acting as mere arbiter brought out equity without even making a ruling.

The fight was worth the while. It has secured to investors and to consumers justice in controversies over rates and service in public utilities. In a few years more this board will be an old institution of Kansas. It will be one of our "ancient rights." People will accept it as a right. Yet it cost much sacrifice; it came after years of fight. It made enemies for Stubbs who kept him out of the Senate, and the people for whom he struggled forgot. But that is all right, too. No man who is worth while cares to have public gratitude express itself in the ballot box. The man who is genuine, the man like Stubbs who battles for the common good, doesn't get his satisfaction out of the ballot box. He gets it from his conscience. He gets it when he sees justice done, and the right prevail.

A good, strong, honest board is the Kansas Board of Public Utilities, and it is carrying on the good work which its predecessors, named by Governor Stubbs, started.

And the Lyon county farmers who sat in the court house and had their grievances adjusted, are reaping where others have sown. They are enjoying rights for which others struggled, and they can repay only by standing manfully for every other man who comes down the road of progress making the good fight for some new right of the people.—W. A. W. in California Outlook.

### GOVERNMENT BY CAUCUS

An esteemed contemporary desires to know what we think of Victor Murdock leaving Congress for two weeks or such a matter and electioneering in Kansas. Well, the answer is easy. If Victor were in the majority party, if he were in a party which could control a balance of power, if he could do anything under the present caucus rule of the Democracy but stand around and whittle his name on his desk in Congress, we should say he should stay there. But the facts are that while a Democratic caucus is considering a bill or a policy the other members of Congress, whether Republicans or Progressives, have about as much to do as an eunuch in the Sultan's harem. They can run errands, brush the flies off the Turkish trophies, and spit at a mark for a prize. But they have about as much to do with legislation as they have with the recurrence of low tides. Why shouldn't Hon. Victor Murdock leave the mildewed halls of state where the whang-doodle mourneth, and come out and get a breath of fresh air? So long as he can't do anything, so long as he is a bound boy at the Democratic husking, why shouldn't he come out and tell the folks what a monumental sham the whole system of government by caucus is? He is doing a lot more to earn his little old \$20 a day talking to the folks and filling them with useful information and divine discontent, than he would be in Washington addressing garden seeds, horsebooks and cures for roup in chickens to an oppressed constituency.—William Allen White in California Outlook.

## Enterprising Citizen Wants a County Fair

Santa Ana, Cal. April 4, 1914.

Editor Register—Why among all the good things you advocate for Santa Ana and Orange county, do you not recommend a county fair?

We have everything needed to make an excellent showing if disposed to use them to advantage. We have a fairground near by, stalled for the care of stock of all kinds. We have some good horses and owners anxious to show their good qualities; a good track on which to show them; some fine cattle that it would be greatly to the advantage of owners to show to the public; also swine which could be produced here in greater quantities and with profit to the producer if greater interest would be taken, which would be stimulated by a good county fair.

As to poultry, it has been demonstrated that Orange county stands

at the head of the list.

As to fruits of various kinds, we think it a conceded fact that Orange county stands at the head; and it would certainly be to the advantage of both farmer and fruit grower to compare notes with all of their neighbors as to the best means of securing results.

I feel sure our enterprising merchants would take an interest in helping to make a County Fair a success.

We have also manufacturing enterprises of various kinds that would be greatly benefited by having an opportunity to show their products to the citizens of Orange county.

Why not a County Fair that would be a credit to Orange county, the best county in California?

### DISCOVERY OF KELLOGG'S ANT PASTE

Some twelve years ago in the city of Los Angeles, California, there was a man by the name of Kellogg, who operated a bakery and candy manufactory. After he got his plant erected and in thorough operation, he found that in spite of everything he could do the place was over-run with ants. They got into his sugar, his raisins, his candies and his cookies, until finally it was a question of either finding some means of ridding the place of ants or absolutely going out of business.

Kellogg then commenced to experiment, and for months had very little success in making any preparation that would have any effect upon the ants. Finally, however, he hit upon a combination, which when placed before the ants attracted their attention from everything else in the store, and for hours they would feed upon this preparation.

Kellogg when after making the first application of this new preparation, and seeing how the ants were attracted to same, was under the impression that this experiment simply marked another failure. The following morning, however, when the factory was opened up, not one single ant could be found within the walls of the building, and for thirty days thereafter not a single ant appeared to interfere with the progress of the business. At the end of this period a new colony of ants came to the building, but one application of Kellogg's preparation again cleared the place of ants for another thirty days.

Kellogg was so pleased over the action of his ant paste that he made up a quantity and distributed same freely among his neighbors, who also were bothered with ants. In every case the result was the same, and as the preparation became known, Kellogg was called upon to make up larger quantities, until finally he decided to engage in the manufacture of this preparation, the sale of which became so large that he discontinued his bakery and candy manufactory, and today enjoys a business that taxes the capacity of his newly erected ant paste factory, and is sending his preparation not only throughout all of the United States, but also to many foreign countries.

The action of this ant paste verges upon the supernatural, and not in one single case has it ever been known to fail.

The Kellogg Ant Paste Company has a large plant in Los Angeles and is now preparing to take care of business for foreign markets in a large way.

**Why It Suits Particular People**  
 —Foley's Honey and Tar Compound is prompt and effective for coughs, colds, croup, hoarseness, bronchial coughs and for any condition where the membranes of the throat and bronchial tubes are inflamed and raw. Thomas Verron, Hancock, Mich., writes: "Foley's Honey and Tar has always proven effective, quickly relieving tickling throat and stopping the cough, with no bad after-effect." It contains no opiates, and is a pure, reliable medicine. That's why it suits particular people. Wingood's Drug Store.—Advertisement.

**Strengthens Weak and Tired Women**

Editor Register—The Spanish Methodist church of this city is undertaking a campaign to raise \$500 for the erection of an addition to the church to be used as a social hall and reading room.

Some may be unaware that there is a Protestant church in the city for Mexicans with a membership of nearly 100, although it is only a year and a half old. Under the leadership of its pastor, Rev. A. C. Gonzales, this body is doing all in its power to elevate the Mexicans. It has long been felt that a comfortable reading room, where evenings could be spent reading good books and magazines and looking at the best pictures would be the best means of keeping the Mexicans out of objectionable places. The city library makes no provisions for our Mexican population. It does not have any Spanish books. It is a civic as well as religious duty to encourage the reading of good books in Spanish and to provide an opportunity to learn English for those who cannot read in any language.

We have a big job here in Santa Ana and ask your help financially to enable willing hands to carry on this real home missionary work, the tangible results of which you may see for yourself. Send your mite to E. Lucero, Wicseman's Store, 114 West Fourth St., or to D. K. Hammond, teacher of Spanish, High School, Santa Ana.

### Comments "The Creation"

Editor Register—I would like to call the attention of your readers to the "photo drama" which is being shown at the College of Music. Having seen the first two parts of it, I have found it to be intensely interesting, not only for the historical scenes but from a scientific standpoint. For Bible students it seems to me nothing could be arranged which would be of more benefit as the Bible scenes are impressed on one's mind in such a way as to make it practically impossible to forget them. It has been found to be of the greatest educational value from all three standpoints, so can be heartily recommended to all.

## ECONOMICS CLASS MEETS

One of Most Enjoyable of Meetings for Fifth Section Yesterday

Members of Fifth Section Household Economics enjoyed their regular meeting in unique manner yesterday. According to previous arrangements, the members met at the cooking school at Elks' hall and after listening to the interesting lecture given by Miss Peet and watching the demonstrations in cooking, they proceeded to the home of the hostess, Mrs. Frank Miller, and were charmingly entertained by the committee in charge of the meeting.

The Miller home was converted into a typical floral bower. Beautiful indeed, were the blendings of the colors employed in the decorative scheme. In the hall and music-room massive bouquets of nasturtiums were artistically arranged, in the parlor American Beauties lent their purity and fragrance, while the dining-room presented an unusually pretty sight with its profusion of double Shastas massed in every available nook or corner, and the table itself was delightful in appointment, the center-piece imitating a beautiful lake with fluffy goslings floating about.

The two-course luncheon consisting of birds-nest salad, sandwiches, cake and coffee was immensely enjoyed, while every member seemed in her best talking mood. The egg booklets which were used as favors contained recipes for invalids. Yesterday's meeting marked one of the most enjoyable occasions this section has yet enjoyed.

The committee was composed of Mesdames Syester, Ritzer, Richards (of Orange), Smith and Miller.

## "Weenie" Roast

Virgil Brown and Francis Westgate were hosts Wednesday evening at a "tacky" party and "weenie" roast, given at the home of Virgil Brown on West Seventeenth street.

It was a very jolly crowd of boys and girls that assembled in a large barn that evening, which had been gayly lighted for the occasion. They were all dressed in torn and mended garments.

Many merry games and contests were played, both indoors and out, during the evening.

Later the guests sat around a large bonfire and roasted "weenies," buns, pickles and orangeade were also served.

Those present at this delightful affair were Misses Gladys Barnes, Hattie Brown, Jane Schach, Ina Ballie, Hazel Briggs, Luella Hazard, Verda Blackmore, Marguerite West, Gladys Swoffer, Mildred and Irene Bowen, Myrtle Ayres, and Lizzie Brown; Messrs. Bert and Howard Fulton, John Briggs, Ina Ballie, Louis Smith, Texas Westgate, Virgil Brown and Francis Westgate.

## Nevin's "Crucified"

Last night at the United Presbyterian Church, under the direction of Mr. Harry Warner, the organist, the choir of the church, augmented by two or three extra voices from outside, gave Nevin's Easter cantata, "The Crucified." This is one of the shorter cantatas and required just twenty minutes in its rendition, the entire service being over at 8:45 p. m.

In the first part of the program the "Palms" was very well sung by Mr. Walter Viera and the Rev. Mr. Kennedy made a short address on the subject of the evening's service. Then followed the cantata, which was, of course, the feature of the evening. There were eighteen singers and they sang through the entire work with confidence and very good ensemble effect. The voices were quite well balanced in the chorus parts and the whole performance was pleasing in general effect. Mr. Warner played the organ as though he were sufficiently able to do the work without the score before him.

## Enjoyable Auto Trip

A fine trip by auto was enjoyed by Victor Stuthett's family of Villa Park, also their neighbor, Mrs. J. C. Stefens, and Mrs. Ramsey of North Glassell, in the former's Ford car. They left Orange at 10 a. m. last Saturday, stopped for a few hours' visit and lunch with Mr. and Mrs. Urschel at Escondido, reaching San Diego before dark.

Mr. Stuthett's family visited at the home of Lawyer Lindsey, and Mrs. Ramsey and Mrs. Stefens, the Mesdames Washburn and Zink (nee Ramsey), also Rev. Kilpatrick, their former pastor in Santa Ana.

The party returned Tuesday morning via the coast route, having seen nothing that looked as good to them as Orange county. They made the trip down and back without any trouble, not even a puncture, although having to pass over some rough temporary roads. Where the highway is fully completed, however, the traveling is splendid.

## Moose Install Officers

A very large attendance marked the meeting of the Moose last evening when new officers for the ensuing year were installed by Deputy Supreme Dictator C. S. Shaw. After the installation ceremonies a banquet was enjoyed by the members and some good speeches were listened to. The new dictator, C. S. Shaw, made an excellent talk on cooperation and support of the officers. Other speakers were Retiring Dictator S. E. Deek and Dr. A. R. Hervey.

The incoming officers are as follows: Fast Dictator—S. E. Deek. Dictator—C. S. Shaw. Vice Dictator—A. L. Freeman. Prelate—Harry Oop. Secretary—L. R. May. Sergeant-at-Arms—J. W. Hoff. Treasurer—Dr. A. R. Hervey. Inner Guard—Ernest Blumfield. Outer Guard—Floyd Mitchell. Trustees—Charles Carey, H. Wasserman and Raymond Ross.

## EASTER WEEK DINNER

Mr. and Mrs. W. A. Zimmerman Entertain Friends at Elaborate Function

One of the prettiest and most elaborate affairs of the Easter season was the dinner party last evening at which Mr. and Mrs. W. A. Zimmerman were the genial hosts at their lovely home on North Main street.

The home was transformed into a bower of bloom with perfect roses of different varieties, which shed a delicate odor throughout the rooms. But in the dining room a golden scheme had been chosen, yellow blossoms and dainty ferns blending beautifully. On the prettily-appointed table, with its glistening glass and delicate china, the center-piece was the most cunning of bunnies, who saw his reflection in a handsome mirror. Fluffy little goslings, arranged around the mirror kept him company. The appetizing meal was served in seven delicious courses, carrying out the effective color scheme. The ices, fashioned in the shape of large Easter eggs, were greatly admired, as were also the miniature green cakes with Easter good wishes done in white. For the ladies the place cards bore cute little rabbits and fluffy chicks adorned those which marked the gentlemen's places.

With everyone in the highest good humor, the joys of the evening were entered into, with four most amusing "stunts." First, partners were selected and each gentleman instructed to make an Easter Bonnet for his "lady fair." Trimmings were piled on the floor and "eye milliners" selected the adornments. Such creations probably never were seen in the city shows. The ladies fashioned hats of tissue paper for their partners. Then came a feat for steady nerves, carrying Easter eggs upon a knife blade from the living room into the dining room. This was followed by the blindfolding of the gentlemen, who were then required to cut out facsimiles of their partners' heads, hats and all.

The four cleverest operators in the different contests were then chosen and required to compete again in half a minute. Mrs. J. W. Bishop winning a fancy egg and E. B. Burns a rabbit. Music from the graphophone added to the pleasure of the evening.

Those who participated in the hospitality of the Zimmerman home were Mr. and Mrs. L. J. Carden, Mr. and Mrs. E. B. Burns, Mr. and Mrs. J. P. Baumgartner, Mr. and Mrs. C. E. Lamme, Rev. and Mrs. J. A. Stevenson, Mrs. Addie Collins and Ralph Collins.

## Trip to Alta Vista

Miss Evelyn Nunn with a few of her art pupils and friends spent a very enjoyable vacation at Alta Vista. They carried their paints with them and made many sketches of various views to be had overlooking the valley and will long serve as reminders of the happy time.

Those who were in the party were Misses Helen Wells, Helen Roberts, Winifred Roberts, Edith Romer, Meta Romer, Edith Grant and Miss Nunn.

## Anaheim Ebell

Anaheim Plain Dealer: At its meeting last Saturday, and following a finely appointed four-course luncheon and rendition of an excellent musical and literary program, the Anaheim Ebell Society elected the following officers for the ensuing year: President, Mrs. Ida Dutton; first vice-president, Mrs. George Terry; second vice-president, Mrs. C. E. Chamberlain; recording secretary, Miss Alice Grimshaw; corresponding secretary, Mrs. E. R. Abbey; treasurer, Mrs. J. O. Reed. Mesdames Gifford, Reed, Boyd and Miss Sidman were named as delegates to attend the County Federation to be held at Placencia on April 16, and Mesdames Simpson and Morse were selected to represent the society at the state convention to be held in Riverside the latter part of the month.

## Missouri Picnic

The Missouri picnic will be held at Long Beach next Saturday, April 18, in the forum. Free coffee will be served by the committee and a short program will be rendered. All residents and former residents are invited.

## Young People Make Merry

## NEW SECRETARY OF Y.M.C.A. AT WORK

E. M. Brown, who came from Baker, Ore., is now in charge of the County Y. M. C. A. as secretary, succeeding R. J. Hamblin, who has gone to Whittier to enter the second field of community work of Y. M. C. A. work.

Mr. Brown is a native of the state of Iowa, whence have come such great leaders as Fred S. Smith and John R. Mott. He is a graduate of Morningside College and when attending this school was active in all phases of college life, being her star debater, and a debater of ability was above the average in that one season he held the championship for the low hurdles in six states.

He believes in a uniform development and was active in the work of the Y. M. C. A. throughout his college career. For two seasons he was a college secretary in Oregon, where his wife served as Y. W. C. A. secretary. Later he became assistant Christian work director of the Portland Association. From there he went to Baker, Oregon, where he served as a general secretary of the city association, and from there he comes to this county. In addition to these two splendid association workers, Mr. and Mrs. Brown have a worthy assistant in their two-year-old son, Bob.

The immediate tasks to which the new secretary will apply himself are the County Triangle meet at Santa Ana, April 29; County Convention at Orange, May 15, and the financial campaign of one day to follow enlisting as many volunteer solicitors as are needed to secure the pledge for the new year's budget.

In his labors he is being assisted by E. J. Ruenitz, the Group Secretary for Southern California.

## AMUSEMENTS

### Big Bill at Clune's Tonight

Persons who desire to see a good, clean, high-class presentation of vaudeville numbers and moving pictures should not overlook the program at Clune's tonight. Two good long shows commencing at 7 p. m.

### Lyric Easter Program

A very pretty program for Easter Sunday has been announced by this popular little theater, in which Miss Florence Lawrence, the Maude Adams of the screen, will be presented in a three part drama, entitled, "The False Bride." It is a highly moral drama and we are sure it will meet with the approval of those who visit the Lyric on Easter Sunday. Two other high class recitals will also be shown.

## JOHNSON-ESHELEMAN CLUB MEETING IS MONDAY NIGHT

The Johnson-Eshleman Progressive Club will meet next Monday night at 7:30 at the council chamber, city hall. There will be a general discussion of the political issues of the day and plans made for interesting programs for the future. Everyone in sympathy with the Progressive movement is expected to attend.

## PROPOSE TO SELL ITS ELECTRIC PLANT

An application of the Huntington Beach Company to sell its electric distributing system to the Pacific Light and Power Company was submitted to the Railroad Commission in Los Angeles yesterday without protest. The Pacific Light and Power Company received a franchise to operate at Huntington Beach March 2, 1914. The purchase price of the system is \$21,691.18.

## DANCE AT COUNTY PARK

The regular Saturday night dance will be given next Saturday night at Orange County Park, instead of Moose Hall. The same excellent music will be furnished, and everyone may be assured of a very pleasant time. Refreshments. Next Saturday, April 18, the Moose Hall dances will be resumed.

## CATHOLICS TOLD OF GOOD THEATERS

NEW YORK, April 10.—The Catholic theater movement, an organization which investigates plays to determine what is good for Catholics to see in the theaters, issued yesterday its first "white list" of 125 entertainments in the form of a printed folder called the Bulletin, which will be sent to Catholics throughout the country.

## ATTORNEY NOW SAYS GIRL IS NOT DEAD

PITTSBURGH, April 11.—District Attorney Jackson, who declared yesterday that Dorothy Arnold, the missing New York heiress, died in a maternity hospital at Pittsburgh, asserted today that she is still alive, but dying, at her father's home. He reiterated that the girl was a patient of Dr. Meredith at its maternity hospital. The girl disappeared four years ago. The search caused nation-wide interest. Jackson said the illness from which the girl is dying was the result of the illness at the Meredith place.

## Father Denies Officer's Statement

NEW YORK, April 11.—Francis Arnold denies positively that his daughter Dorothy is dying at her home here, and reiterated his belief that the girl is dead. He claims no knowledge of her whereabouts, if alive. He is angry with District Attorney Jackson of Pittsburgh, who said the girl was at her home.

Arnold declared: "I say he is a liar. What he says today isn't what he said yesterday. If he is wrong in one thing, he can be wrong in two."

Jackson yesterday declared that Miss Arnold died in the Meredith Maternity Home at Pittsburgh.

## ANNOUNCEMENT

Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 5 p. m., and by appointment.

## WILMINGTON CHARMS GREATER THAN OURS

Fifty Long Beach People Visit Santa Ana and Are Shown Good Time

Owing to the celebration at Wilmington today there were but fifty tickets sold at Long Beach to Chamber of Commerce people who were to go on the Triangle Trolley Trip.

However, the loyal fifty, arrived here on schedule time, 12 o'clock, had lunch and were then taken for a short sight-seeing trip by local automobilists, who met the visitors at the Chamber of Commerce.

There were fifteen machines in line when the party started at 1:15. Following is the itinerary of the trip: City Hall south to Camille street, west to Broadway, north to Sixth street, east to Main, north to Orange, from Orange to Hewes Park, from Hewes Park to Newport Road, from Newport Road to Lemon Heights, from Lemon Heights to Tustin, from Tustin to Santa Ana.

About nineteen parties were made on the trip. The party arrived at the City Hall at 2 o'clock. The Long Beach visitors expressed their hearty appreciation of the courtesy shown them by the local Chamber of Commerce.

## BILLBOARD SHOWS "ON EASTER SUNDAY"

Again a beautiful poster is being displayed on the billboards in Santa Ana by the Promotion Advertising Association. In December the poster was "The Birth of Christ," and in February it was "What One Poor Boy Did, or Life of General Grant," and now it is a most beautiful poster called "Easter Sunday," picturing a large crowd of happy children on their way to church.

The display is made on Fourth and Main by C. A. Harnois & Sons, posting firm, who do this work gratis.

There are 7500 of these stands printed and today are being posted in nearly every city in the United States, free of charge, by the Associated Billposters' Association.

## FURNITURE STORE MAKES IMPROVEMENTS

The Horton-Spurgeon Furniture Company has just completed some novel improvements in the interior arrangement of its store that add greatly to its attractiveness and affords a very effective means of displaying goods. A number of small rooms have been partitioned off along the east side of the main salesroom and each of these rooms has been finished inside to represent the various rooms in a private home. There is living room, dining-room and bed-rooms and are appropriately furnished, with the latest styles of home furnishings, in a most pleasing and artistic manner.

The rooms are so situated that they are about the first thing to catch the eye of one on entering the store, and cannot fail to create a favorable impression.

The Horton-Spurgeon Company is entitled to credit for being an enterprising and progressive business house that does not spare expense when it is a matter of keeping its store strictly up to date in every respect.

## MOST QUEENS ARE TALLER THAN THE KING

LONDON, April 11.—Suffragettes who are prone to emphasize the decadence of the male species have discovered a handy argument in the comparative stature of the kings and queens of Europe. Nearly all the monarchs are shorter than their wives. George of England is several inches less than Queen Mary in height. The German Emperor is so much taller than her husband that the Kaiser usually has her sit down when they are photographed together. The Czar, when he stands beside his wife, Queen Ena of Spain is nearly a head taller than Alfonso, and King Victor of Italy barely reaches the shoulder of Queen Helene.

## COMING WEEK IS SELF DENIAL WEEK

The Salvation Army's week of prayer and self denial takes place from April 12 to April 19. This is one of the army's regular special efforts to raise funds to carry on its work. There will be special Easter services at the Salvation Army Hall on Sycamore street, led by Mrs. Snider of Los Angeles.

The local Salvation Army is going to make a special effort during the week to raise funds, and appeals to the public for aid.

In a circular distributed by the local Salvation Army members appears the following:

## Twelve Reasons Why People Give Money to the Salvation Army

1. Because it is doing a wonderful work to uplift the lower classes.
2. Because it "makes money go farther than other philanthropic agencies working in the same field."
3. Because its workers give untiring energy to reaching and helping those who are in dire need of help.
4. Because it converts drunkards to lives of sobriety and industry.
5. Because it rescues fallen girls and restores them to worthy womanhood.
6. Because it cares for destitute children and aids them toward wholesome and happy lives.
7. Because it reforms criminals, and makes them upright citizens.
8. Because it does effective work in the prisons and hospitals.
9. Because it provides shelter for the homeless and destitute.
10. Because it finds employment for the unemployed.
11. Because it utilizes waste materials and labor and fosters useful industry.
12. Because its businesslike methods of handling funds command the admiration of all well-informed persons.

## Churches Ready With Their Easter Music and Easter Sermons

Tomorrow should be an ideal Easter Sunday in Santa Ana. With indications of sunshine and blue skies, there is every reason to believe that the numbers who attend the various churches for worship will be greater than ever before in the history of Santa Ana. True, Santa Ana churches are always well filled on Easter Sunday, but Santa Ana has grown a bit since last Easter.

All the churches are being decorated with beautiful flowers for the occasion, and special Easter music has been prepared by all of the choirs of the city, and the various pastors have announced subjects for sermons in keeping with the spirit of the day.

Announcements of special music and subjects of sermons appear in the church notices following:

**"Messiah Victorious" at the First Baptist Church**  
On tomorrow (Sunday) afternoon at 3:30 o'clock the choir of the First Baptist Church will give a special Easter service in their new church building, the principal part of the service to be the presentation of Hammond's beautiful Easter Cantata, "Messiah Victorious."

The general public is most cordially invited to attend this service, which is the first cantata service to be given in the new building, and the time is set at this hour so that all may find it convenient to come. The doors will be open at 3 o'clock. The usual collection will be taken to cover the incidental expense of music, etc. The programme as arranged will be as follows:

**PART I.**  
Organ Solo, "Pastorale" (Wachs)  
Mr. Lusk.  
Hymn No. 128, congregation standing.  
Prayer.  
Anthem: "As It Began to Dawn" (Spence).  
Scripture Reading.  
Soprano Solo: "A Song of Victory" (Stevenson) Mrs. Coleman.  
Easter Poem: "If He Had Not Come," Mr. Russell.  
Hymn No. 125.  
Offertory.  
**PART II.**  
Hammond's Easter Cantata: "Messiah Victorious," the Choir.

**Immanuel Church**  
Corner Sixth and French streets. Bible school 9:45; preaching at 11 a.m. subject, "The Historical, the Ritualistic and the Real." Young People's meeting at 6:30 p.m. Evangelistic service 7:30. Bible reading in Ephesians, Tuesday, 7:30 p.m. Prayer meeting Thursday evening. Christian Missionary Alliance convention to be held in this church April 22 and 23. Two days of spiritual feasting. Inform your friends.

**First Congregational Church**  
Organ Prelude, "Jubilate" (Rogers); anthem, "This is the Day" (E. V. Hall); anthem, "Awake Up, My Glory" (Barnby); solo, "Hosanna," sung by Mr. Phillips; sermon, "The Solvency of God," the pastor; postlude, "Hallelujah Chorus." The evening service will be in charge of the Sunday school and will consist of songs, recitations and readings by members of the school.

**Evangelical Lutheran Church**  
St. Peter's Congregation, corner of Ross and Fifth Sts. A. C. Kleinlein, pastor. Sunday school at 9:15 a.m.; English service at 10 a.m., topic "The Good Reasons for the Church's Easter—Hallelujah."

**Spurgeon Memorial M. E. Church, South**  
Corner Church street and Broadway, Rev. D. Scarborough, pastor. Sunday school, 9:45 a.m.; preaching at 11 a.m. and 7 p.m. by the pastor. Both sermons will be from the text: "What Think Ye of Christ?" The evening discourse will be very brief as the splendid musical program arranged for the hour will take up most of the time.

Epworth League will meet for devotional exercises promptly at 6 p.m.  
**Morning Music**  
Prelude, "Hallelujah Chorus" (Handel); anthem, "Break Forth in Joy" (Simper); anthem, "Once the Lord of Glory Lay" (J. C. Bartlett); Mrs. Jesse Albright and choir; baritone solo, "Easter Dawn" (R. G. Woodman); Mr. Jesse Albright; soprano solo, "Messiah Victorious" (W. Marzocchi); Mrs. Winbigler, violin obbligato, Mr. Davis.

# FINDS BURGLAR RANSACKING HOUSE

Mrs. Ellis H. Smith Gets Fleet- ing View of Man Fleeing Out of Door

NOTHING MISSING EXCEPT THE THIEF

Thief Disturbed by Return of One of the Occupants of Residence

To return home late in the evening and find a burglar in the house was an experience of Mrs. Ellis H. Smith last night. Mrs. Smith heard the burglar making for the front door, and she got but a glimpse of him as he fled. Mrs. Smith had been at a moving picture show, and reached her home at 1806 North Broadway about 9:15 o'clock. She drove the automobile in to the garage at the rear of the lot, and entered the house by the rear door. She turned on lights and walked to the front hall and deposited her hat upon a rack. Off this hall is a bedroom, and in that bedroom was a burglar, though at that time Mrs. Smith was not aware that there was a visitor there. She turned from the hall and was returning to the dining-room when she heard the bedroom door open and saw someone hasten out of the front door, which was unlocked. Mrs. Smith had but a glance of the man, who seemed to be in a hurry. The hall was also quite dark. In a second's time the man was gone.

**Automobile Fires**

Do not attempt to put out an automobile fire with water, sand or a dry powder fire extinguisher. These extinguishing elements are ineffective except on the smallest, most accessible fires, and even in these cases the resulting damage is often very great to the engine, upholstery and varnished surfaces of your car. Every motor car and garage should be protected by PYRENE Fire Extinguishers. A few shots of PYRENE, even if directed through the radiator, will put out the most stubborn fire—so quickly that it will surprise you. PYRENE has saved many a day's pleasure for motorists and has prevented the loss of thousands of dollars in motor car values.

gone. Mrs. Smith thought it might be a young man who is associated with her husband in the Harper Garage. She immediately telephoned to the garage, and Smith answered, stating that the young man was there. He also said that he had been at home during the evening for a few minutes and had left the front door unlocked. Mrs. Smith then went to the bedroom from which the burglar had fled, and she found plenty of evidences to show that a person bent on thievery had been there. Bureau drawers had been pulled out and dumped on the floor, and a thorough search had been made for valuables. So far as could be learned nothing was stolen. All the description that Mrs. Smith can give of the man is that he wore dark clothes.

# CAPITAL CITY TO HAVE CLEAN STREETS SAY CIVIC BODIES

WASHINGTON, April 11.—The nation's capital is booked for a clean-up beginning tomorrow. Under the lead of civic organizations, backed by patriotic and social bodies, and school children on vacation next week, the Clean City Week Idea proposes to make Washington a veritable spotless town. Business men have been giving the plan a boost by putting on their stationery, "Don't forget that it is unlawful to throw this in the street" and the Daughters of the Revolution have lent a hand by distributing "clean city" tickets. Boy Scouts and school children have consented to make special efforts during the Easter week vacation to see that Washington is as spick and span as any city in the world.

# REDLANDS PEOPLE SERIOUSLY HURT

REDLANDS, April 11.—An automobile collision occurred in the business district today, the cars being driven by Dr. M. W. Hill of Redlands and Robert Holland of Los Angeles, the latter containing a Riverside party. Hill was seriously injured and was taken to the hospital and recovered consciousness at the hospital and will live. Mr. and Mrs. Harry Hotchkiss, Mr. and Mrs. Ben Pond, Misses Mamie Copeland, Clara Kreer, Jack Fleisch, Lowell Ordwell, all of Riverside, were superficially injured.

# HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

# GOING TO PLANT WILLOWS ON LEVEES

The River Bank is to Be Protected With Trees, Cane and Grass

Willows, cane and pampas grass are to be planted along the inside of the levees of that portion of the Santa Ana river channel maintained by the Newbert Protection District. This morning the directors of the district made arrangements for carrying out the project. Willows will be the mainstay of the work. Roy Head was chosen to have charge of the planting. Engineer H. Clay Kellogg advocated the planting of the trees, cane and grass. N. H. McCuiston having moved out of his district, resigned as director, and F. D. Pavan was elected in his place. The directors held their meeting this morning at E. E. Keech's office.

# LOSE MILLIONS IN LABOR STRIKE

LONDON, April 11.—Eighty-seven million dollars in wages has been lost by the workmen of the United Kingdom in the past ten years on account of stoppages due to industrial disputes of all kinds, according to statistics prepared from the Government Board of Trade returns, supplemented by details furnished by union leaders in the principal trades. But against this figure is placed a net gain in wages as the result of such disputes of \$13,600,000. Also it is estimated that the laboring classes as a whole have secured advances in wages in the same period aggregating \$75,000,000, but the greater proportion of these have been obtained through the medium of working agreements and conciliation. Fifty per cent of the strikes of the past ten years have been won by the employers, 25 per cent by the workers, and the other 25 per cent compromised.

# PRISON FOR LIFE FOR LOUIS AUBAN

SAN DIEGO, April 11.—It was a spectacular scene in Judge Lewis' courtroom yesterday when Louis Auban, the demoted French scissor-grinder, was sentenced to life imprisonment in San Quentin prison for slaying Jim Bernacino, the Italian street car track oiler, and one other Italian. Today he was handcuffed and firmly bound, besides being held on each side by deputy sheriffs and surrounded by detectives and other deputies. He was brought over a passageway leading from the county jail to a window of an adjoining courtroom. As he passed Assistant District Attorney McKee, whom he wounded last week, he spat at him and tried to attack him. Attempting to sing the Marseillaise in his fairly musical voice it was necessary to put a cloth over his mouth so that the court proceedings could be heard.

IN THE JUSTICE COURT  
**BETWEEN CIRCUS FOLLOWING AND PIER TAKE PIER**  
Justice Cox Tells Hold-Over What He Thinks of Their Life

Justice Cox relieved himself of a great load that had been on his mind ever since circus day, when twenty-two circus followers were rounded up and presented to him to look over. He heard their stories, and most of them were following the circus hoping to get a job or had just been fired or had just quit for some reason or another. At least, they so stated.

And inquiry developed that the pay of the circus roustabouts, canvas men, stable men, and other laboring jobs is fifty cents a day and board, sleeping sometimes in bunks, sometimes on canvas. "Good heavens!" exclaimed Justice Cox this morning when he had a contingent of the hold-overs before him. "What are you fellows made out of to be satisfied with a job like that? Fifty cents a day—why don't you get a job with a pick and shovel at \$2.50, and feel like men. I'll tell you what I think of these circus jobs. If it got right down to a point where you could not get another thing on earth to do except a job following a circus around at fifty cents a day, and you had your choice between taking the circus job and jumping off the end of a pier, I'd advise you to jump off the pier, if the water was deep enough."

This morning nine who had pleaded not guilty to vagrancy changed their pleas to guilty, and were given thirty-day floggers. Six others are to be disposed of next week.

# NEW VOLCANIC ISLAND STILL UNCHRISTENED

TOKIO, April 11.—The baby island of the Bonin group which came into existence following the eruption of Sakurajima has not yet been christened. As the island appeared during the coronation year of the present emperor, there were many suggestions that it should be given his name, Taisho. But it has been found that the new island occupies the exact position of a similar island which appeared several years ago and has since disappeared, so official circles have decided that it would be better to wait until it shows some signs of permanence. It is considered that it would be very inauspicious for an island bearing the emperor's name to sink into the sea.

The island covers several square miles and appears to be composed of lava and sulphur. Though an official expedition has reported on its appearance, no one has landed on it, owing to the fact that it is still hot and subject to frequent earthquakes.

# OPERATION LEAVES SOVEREIGN WEAK

STOCKHOLM, April 11.—King Gustave, who underwent a stomach operation last Thursday, is reported to be making satisfactory progress, although very weak. Fear is expressed that the growth was more malignant than the doctors admitted and that improvement may not be permanent.

YOUNG OFFICE BOY MET TERRIBLE DEATH IN 'FRISCO  
SAN FRANCISCO, April 11.—Attempting to leap into and stop an office building elevator, which had accidentally started upward, Ray Dean, aged 15, an office boy, was crushed to death between the car and the wall. The body was so tightly wedged that workmen were compelled to cut away the floor to release it.

# 'CASCARETS' RELIEVE SICK, SOUR STOMACH

Move Acids, Gases and Clogged Waste from Liver and Bowels

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any. Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.
